

Called Bell South for phone service on the 27th march. Was promise service (706-320-9009). Have been told be managers on a number of times by them that service would be on by the end of the day. This occured on a number of days. Each time we are being told different reasons. Just yesterday I was told that it would be on by 6pm. at about 11pm, the phone was still not on.

This is forcing me to use a cellphone and my bill is steady going up. Now they are saying it will be monday. After just being called back by another manager, he stated that my phone will be on by 7pm today. Please call me at 706-332-4432 (cell) or 706-494-7511/39.
